

Dear Maritime Professionals,

The Propeller Club is South Florida's oldest and most prestigious non-profit maritime association. Established in 1930 as the 12th chapter in the United States, we are one of over 80 Propeller Clubs associated with ports world-wide. Our purpose is to bring together the various maritime interests in this area to network, do business with, and promote each other as much as possible. We enjoy a close relationship with Port Miami and hold outstanding events such as Coast Guard Night, Pilot Night, UM Night, MDC Night, and Port Night. We also have student propeller clubs at the University of Miami and Miami Dade College which allows students access and interaction with our members for future employment opportunities.

Our board of directors meet monthly at Port Miami, and we have made great strides since Covid to reestablish our club as the premier maritime networking association in the Miami area.

It is now time to turn our attention to getting you, our professional maritime community, involved with the Propeller Club PortMiami. You will find that membership is inexpensive yet valuable and provides unique opportunities to interact with a variety of like-minded individuals and companies. Our website is www.propellerclubmiami.com and there is a membership button to easily join.

Please read the attached membership flyer and join us today!

Kind Regards,

Richard Kniffin

President Propeller Club PortMiami
